RELEASE DATE: 02 June 2010

Track list:

01. Cami 'n' Reno - Behind Your House
02. Cami 'n' Reno - Behind Your House (SeRKes Remix)

Cami and Reno, young Italian producers and performers, got together under the name Cami 'n' Reno in 2007. After they have published their production on Nastro Records, independent label from Turin, they have their debut on Circuits with a rocking single Behind Your House.

Original track is a dark minimal techno monster, perfect for sweaty summer dancefloors, with groovy bass lines, spaced out noises and acid house melodies. Remix provided by SeRKes, another talented Italian producer, is a sophisticated take on original track, featuring some beautiful deep chords and glitchy breaks.
